James Ball

ABOUT ME

Personable and dependable developer with 6+ years expertise in fast-paced e-commerce environments. I am a driven self-starter and fast learner who can learn new skills for a role. Experienced in server administration. Seeking new development opportunities to advance my career.

EXPERIENCE

04/2019 – NOW
full time

Enterprise Developer

Visualsoft

At *Visualsoft* I primarily develop third party integrations for their e-commerce platform including: CallFire, Bluecore, Nosto, Deepl, EurekaSage200, MailChimp, GFS (Rest). While also writing code for bespoke client feature request and additional platform features: Product Specifications, Data Integrity.

PHP / Javascript / MySQL / Kohana / API (JSON, SOAP)

2016 – 2019
full time

Full Stack Developer

Roxoa Group

While working at *Roxoa* I designed and developed a new store *rubyandoscar.com*. I additionally redesigned *qpjewellers.com* and *goldboutique.com*. As my career progressed I directed my attention onto the development for API and third party integrations including: Pay4Later, Assay Office, Amazon, Tesco and Trustpilot.

PHP / Magento / Javascript / CSS / MySQL / Sysadmin / Wordpress

2016
full time

Web/IT Developer

IAM Sold

At *Iam Sold* I worked on developing the new dashboard admin interfaces, improving and optimising the existing reports system whilst making changes to their existing websites.

PHP / Buan / MySQL / CSS

2014 – 2016
full time

Web Developer

Roxoa Group

While working at *Roxoa* I developed the new website for *Roxoa Group* (*roxoa.com*) and launching two new stores *goldboutique.com* and *sunglassesden.com*. I additionally maintained three Magento E-Commerce stores: (*qpjewellers.com*, *watchtag.com*, *giftedjewelry.com*) as part of the development team.

PHP / Magento / Javascript / CSS / MySQL / Sysadmin / Wordpress

2012 – 2014
full time

VLE/Web Developer

Ashington Learning Partnership

I was responsible for developing applications integrated with the FROG VLE including: LEAP rewards system, Parents Evening Booking and School Library. I also developed the public facing websites for *Ashington High*, *Bothal Primary School* and *Central Primary* and maintaining the intranet and VLE mini-websites.

JavaScript / PHP / MySQL / Frog

EDUCATION

2010 – 2012

BTEC Extended IT and Computing National Diploma

Tyne Metropolitan College

2007 – 2010

5 GCSE's from grade C including Mathematics and English

Whitley Bay High School

OTHER EXPERIENCE

Microsoft Imagine Cup 2012

Myself and a small group of friends worked together on prototype of an app which promoted environmental sustainability over the course of a weekend then presented it to professional developers.

HOBBIES

In my free time I enjoy;

- Guitar
- Jogging
- Gaming
- Development
